

### Overview

The NETGEAR CAT5E Ethernet Patch Cable features 4 STP 24 AWG (American Wire Gauge) stranded copper wires to reduce electromagnetic interference. Stranded cables are more pliable than solid cables, so they remain intact and protected even if twisted or bent when connecting electrical components. Plus, the wires are housed in a durable PVC outer jacket for abrasion and corrosion resistance. Recommended to be used with NETGEAR Nighthawk products.

**NETGEAR accessories are made by NETGEAR, and fully tested under strict SQA environment to meet the highest product quality standard.**

### Technical Specifications

- Cable Type: CAT5E
- Cable Length: 5ft (1.5m)
- Connector Type: RJ45
- Outside Diameter: 6.0±0.2mm
- Cable Performance: Up to 100MHz
- Conductor Material: 100% Bare Copper
- Contact Plating: 3u" Gold Plated
- Conductor Gauge: 24 AWG
- Jacket Material: PVC
- Certified: FCC/UL
